Education

Murray State University - Murray, KY — May 2028
GPA - 3.94
B.S. Dual Major: Agriculture and Computer Science

Gibson Southern High School - Fort Branch, IN — May 2024

Southern Indiana Career & Technical Center — May 2024

Work Experience

OneMain Financial - Evansville, IN — June 2026-August 2026
Summer Technology Intern
- Built an AI-assisted pipeline to analyze application and database metadata for enterprise data discovery.
- Validated application and database findings and documented results for business stakeholders.
- Delivered the end-of-summer project presentation to OneMain's senior technology and business leaders.

Purdue Extension Office - Evansville, IN — May 2025-August 2025
4-H Youth Development Intern
- Designed and facilitated youth programs and workshops that promoted leadership, teamwork, life skills, and personal growth in alignment with 4-H and Purdue guidelines.

Pohl Ag Service - Princeton, IN — May 2020-Present
Junior Assistant
- Collect soil, crop, and leaf samples and support fertilizer and crop-management trials.
- Support precision-agriculture fieldwork with drones, field mapping, and moisture probes.
- Built a Microsoft Access database to track leaf-sample data and generate agronomic reports.

Pohl's Greenhouse - Haubstadt, IN — January 2020-May 2025
Owner
- Owned a nursery and managed plant production, inventory, finances, marketing, and customer sales.
- Used FFA grants to add automated lighting, watering, timers, and environmental controls.

Parrish Consulting Services - Princeton, IN — January 2024-August 2024
Software Development Intern
- Developed internal and client applications using C#, Blazor, ASP.NET Core, WPF, SQL Server, APIs.
- Deployed debugging tools to test APIs and application code in server environments.
